

WELCOME

You're now a member of **International SOS.**

A powerful resource for worldwide medical, security, travel and emergency assistance.

When you are away from home and in unfamiliar surroundings, there are just some events you can't predict. You may become ill, run out of medication or simply need instant, reliable and impartial advice. Whatever your problem, wherever you are, International SOS is here to help. Your membership entitles you to access a powerful resource for worldwide medical, travel and emergency assistance.

Your organization partners with the world's leading medical and security assistance company to look after your health, safety and well-being to ensure your trip or assignment is memorable for all the right reasons.

WHEN DO I USE INTERNATIONAL SOS?

Before you leave, prepare yourself:

- Access accurate, real-time information on www.internationalsos.com
View country guides, online medical reports, and sign up for health and safety email alerts
- Call an assistance center for pre-travel information (e.g. vaccination, required medication and advice)
- Download the Assistance App

While abroad, stay healthy and safe.

Contact us when you:

- Require health and safety advice
- Need to speak with an experienced internationally trained specialist
- Need a specialist (referral) credentialed by our staff
- Require supplies of medication or equipment

In an emergency, call us right away to:

- Arrange transportation
- Monitor your condition and advise
- Evacuate you to a center of excellence if local facilities are inadequate
- Contact your family

27 assistance centers worldwide

CONVENIENCE: Local medical and security expertise provided globally in any language, anytime 24/7/365.

79,000+ accredited providers

DELIVERY: A vast network of accredited healthcare, aviation and security providers ensuring you receive high standards of care in the air and on the ground.

A GLOBAL INFRASTRUCTURE YOU CAN DEPEND ON

5,200+ medical professionals

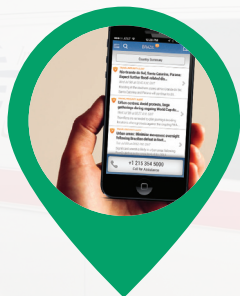

EXPERTISE: Immediate access to professionals with extensive experience in all areas of medicine, coupled with a thorough knowledge of the local environment and healthcare system.
