TRAVEL RISK eLEARNING CATALOGUE POCKET GUIDE

INTERNATIONAL SOS

WHAT IS eLEARNING?

Taking a proactive approach to **preparing employees** before travel is an essential part of any travel risk management plan, as well as a legal requirement in many jurisdictions.

The International SOS Travel Risk eLearning catalogue includes:

- Different topics for the various risks employees may face when travelling
- Features real-world travel risk scenarios travellers may face
- Delivered through a user-friendly Learning Management System which hosts and tracks user progress
- Courses take between 15 – 30 minutes to complete

PANDEMICS & OTHER GLOBAL HEALTH THREATS

This **eLearning** looks at various global health threats such as Ebola, Zika, bird/swine flu and MERS-CoV. It raises **awareness** about how a **pandemic can spread** and how to **prepare** and **respond**.
